

We've Come a *Long Way*, Baby!

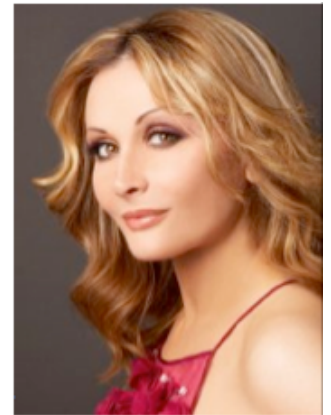

Next Stop... New York City!

Gutsy Women Travel was at the forefront of the “exclusively for women” travel evolution when they launched their international tour packages “for women, by women” ten years ago. On November 18th, the company will celebrate their decade long dedication to providing “best in class” travel itineraries and unique journeys for women with a weekend getaway to New York City where it all began. April Merenda, pictured on the left, and Gail Golden, co-founders of Gutsy Women Travel, will welcome a host of returning “Gutsy” women travelers to celebrate in true Gutsy Women style.

Celebrations will include a private performance by renowned singer Giada Valenti, pictured on the right, followed by a champagne and dessert reception, a milestone wine and dinner celebration in the Penthouse of New York’s Skyline Hotel with Keynote Speaker Crystal A. Cotton, a personal empowerment advisor, addressing attendees, customized New York City sightseeing excursions and additional special guest speakers sharing insight on the Gutsy Women Travel signature success formula, as well as the launch of Gutsy Women Travel’s exclusive partnership with Trafalgar and it’s Uniworld Boutique River Cruise and Lion World Travel Africa Safari partners. This new partnership significantly expands the depth and scope of Gutsy Women Travel’s worldwide guided tours with enhanced land programs on four continents and even more one-of-a-kind exclusives and sightseeing itineraries.

From tango lessons in Argentina, exotic spa treatments in Marrakech, an “out of Africa” lunch in Karen Blixon’s Nairobi Coffee Garden to “hand-picked” visits to England’s famed Chelsea Garden Show, private wine tastings and cooking lessons with famed chefs...the extensive worldwide 2012 travel itineraries are show-stopping and only for *Gutsy Women*.
