

Gutsy Women Travel

Whether it's exploring the mysteries of Africa or tasting fresh mozzarella along the Amalfi coast, for the past 10 years Gutsy Women Travel has set the standard in tours for women. Gutsy Women Travel offers women the option to see the world with like-minded peers in a safe and fun environment. It's a chance to bond with other women to create life long friendships.

Expert tour managers take care of every detail so guests can relax and enjoy their tour of a lifetime. The leisurely pace allows time for shopping and exploring, and the small group setting (no more than 20 per tour) makes certain you won't be lost in the crowd. All tours have special activities which are difficult for solo travelers to arrange on their own but that immensely enhance the experience. From cooking classes, wine tasting, and perfume making to yoga and visits with local women, Gutsy Women Travel programs are specifically designed for women and their unique interests.
